# Why study with Bell?

Since 1955, we have provided unforgettable learning experiences to students and teachers from around the world, transforming the lives of over one million people.

Here are just a few reasons why we think Bell is the right school for you.

1

## Guaranteed progression

On successful completion of your University Foundation programme, we guarantee you will be offered a place on an undergraduate degree course at a UK university.

In addition to our partner universities, 86% of our 2018/19 student cohort received offers from top 30 universities, based on the Guardian University Guide 2019.

For more information:

**See 'Pathway to success' on page 14**

2

## On-campus residences

Bell Cambridge is proud to now have two on-campus residences, The Frank Bell Residence and Bell Garden House - only seconds away from the main school.

With no travel time before and after classes, you can take full advantage of on-campus study facilities and student community, including your Learning in Action programme.

For more information:

**See 'Feel at home' on page 36**

3

## Personal advice & support

You will have regular meetings with our experienced University Counselling Manager, to help you identify the right university for you and maximise your potential for success.

You will get personal guidance, advice and information, to help you make sense of the application process. Our Higher Education Advisory Service offers independent and impartial advice.

For more information:

**See 'Support network' on page 16**

4

## Our story

Our founder, Frank Bell, believed in the power of language to transform lives and the world. Our heritage means we have education at the heart of everything we do, and in 65 years, we have never compromised on that.

All our profits are reinvested into The Bell Foundation, which supports disadvantaged children and those in the criminal justice system with English as a second language.

For more information:

**See 'The Bell story' on page 8**

5

## Track record

We are ranked in the top 2% of UK language schools for adult courses, as published in the EL Gazette 2019 (Centre of Excellence rankings) which is based on our latest British Council inspection.

Our latest Independent School Inspectorate (ISI) report also rated our schools as 'excellent' - noting that our 'teaching is excellent and results in high levels of student progress.'

For more information:

**[www.bellenglish.com](http://www.bellenglish.com)**

6

## Diverse nationality mix

Our students benefit from a high nationality mix at Bell. In the last year, we have welcomed students from 59 different countries or territories to Bell Cambridge alone.

This gives you the opportunity to make international friends, learn from each other and share experiences with students from different backgrounds and cultures.

For more information:

**See 'International community' on page 17**

7

## Teaching expertise

Our staff to student ratio ensures you receive personalised and responsive teaching so that you can exceed your goals, not just achieve them.

Our tutors have years of experience and top qualifications in their subjects. Many are University of Oxford graduates, including Robert Mathews (Law) and Peter Holmes (Politics).

For more information:  
**See 'Meet our tutors' on page 16**

8

## Connect with universities

You will have the opportunity to connect with over 30 of our partner universities.

We exclusively host the University+You fair at Bell Cambridge, where students meet with universities from across the UK. We also offer a weekly programme of talks led by visiting speakers and lecturers from universities, to give students an insight into university life.

For more information:  
**See 'Partner universities' on page 12**

9

## Learning The Bell Way

Alongside an Emeritus Professor from the world-renowned University of Cambridge, Bell has developed six core learning principles called 'The Bell Way'.

This learning approach is fully-integrated into all our courses, giving you the most effective learning experience throughout your studies at Bell and ensuring you maximise your potential for success.

For more information:  
**See 'The Bell Way' on page 10**

10

## Ideal location

Bell Cambridge is located in a world-class university city with a global reputation for academic excellence.

The school campus offers a supportive student environment with study and leisure facilities including the Learning Resource Centre, computer rooms, a games room and extensive gardens surrounding the school.

For more information:  
**See 'Study at Bell Cambridge' on page 34**

11

## Learning in Action

We encourage our students to practise their language inside and outside the classroom - that is why our Language in Action programme is free.

Students have access to social evening activities, local excursions and full day trips to UK towns and cities, at no extra cost. Meet new friends and explore Britain!

For more information:  
**See 'Language in Action' on page 18**

12

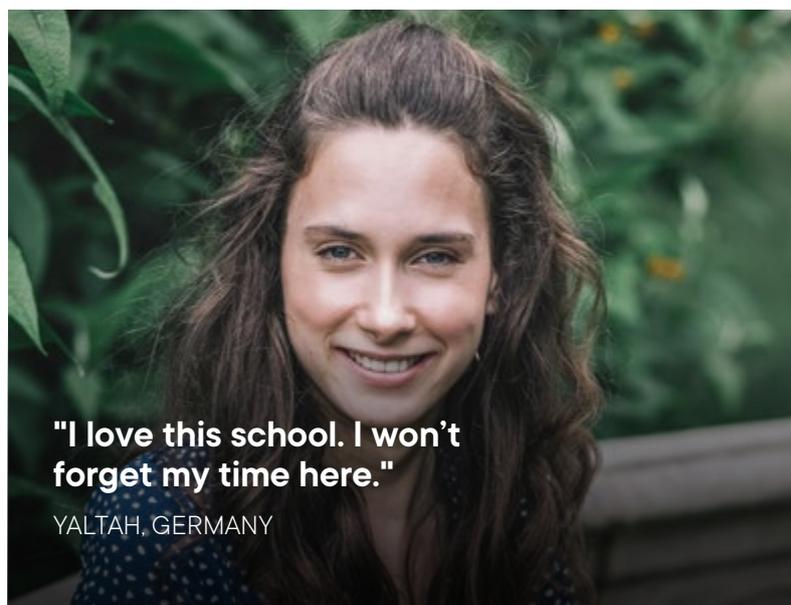

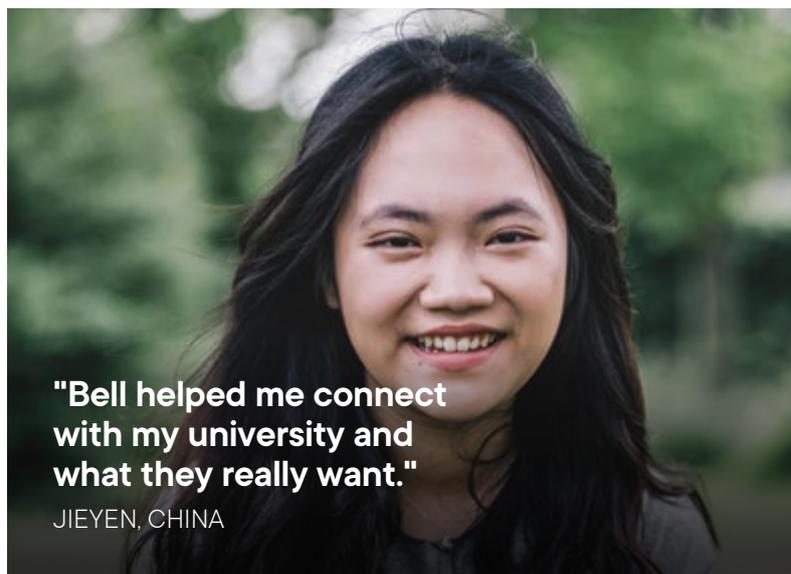

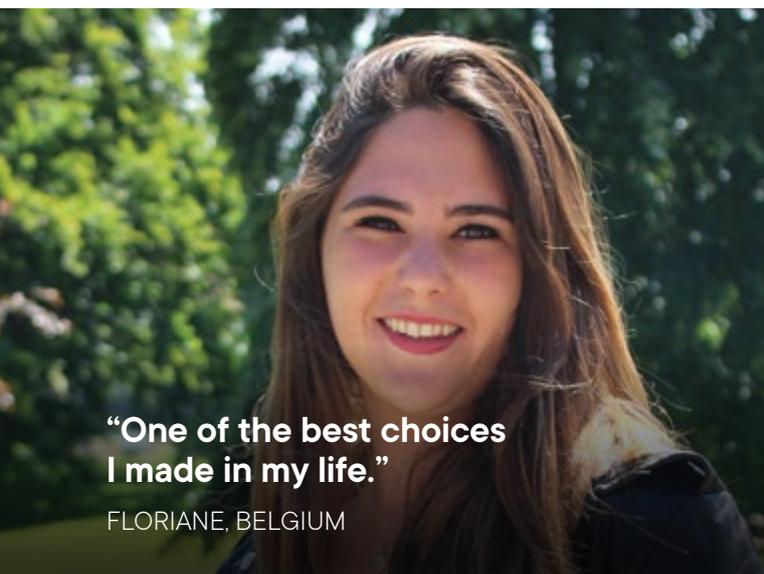

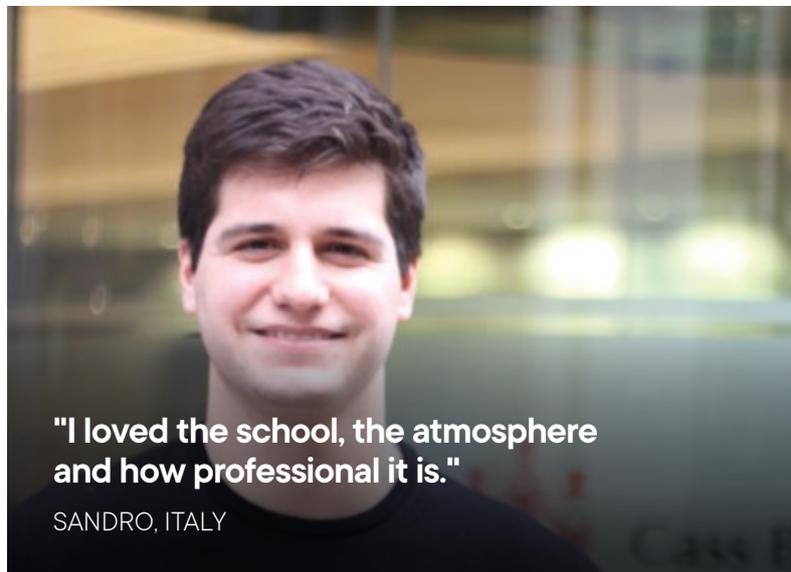

## Flexible courses

We have a pathway to suit every student. Our University Foundation programme offers a range of core subjects to help you succeed in your specific career path. You can also take an extended, academic or fast-track programme to suit your timeline and learning needs.

Our Master's preparation course can be taken termly, so you can start at a time that suits you.

For more information:  
**See 'Create your ideal pathway' on page 20**

# Student stories to inspire you

## Du Wei, China

**Du Wei joined Bell based on a recommendation from his father's friend. "The course supported me with my university applications and helped me overcome the language barrier."**

Enthusiastic about learning English and the culture behind it, Du Wei wanted to gain new language skills for the future: "it provided me with important skills which will be useful in my Master's study."

But the course was much more than practical skills, "it also provided me with an opportunity to make new friends from different backgrounds and nationalities. I highly recommend the Master's preparation course to every potential student."

Du Wei successfully received offers from leading UK universities, like the University of Bath, Sheffield and Durham.

## Floriane, Belgium

**Floriane was a teacher in Kinhasa for 3 years working with children and women who live in poverty. This inspired her to change her career but "working in an international organisation you have to be able to speak English".**

Floriane's language level was elementary when she arrived. "When I look at where I came from I'm so impressed with myself. I'm now C1 and I passed the IELTS with a 7 score. Teachers help you to achieve your goals and focus on what you need."

Our Master's preparation course was an ideal next step for Floriane as the UK academic system is different to Belgium.

"I think Bell was the perfect step before my Master's because I feel more prepared and confident. It was one of the best choices I made in my life." Floriane is now at SOAS, University of London studying conflict violence and development.

## Nada, Saudi Arabia

**Having completed her IELTS course, Nada was looking for a course with more academic rigour to improve her skills and prepare her for study at a UK university.**

As a lawyer, learning English will help her with her studies but also her future plans to have her own law business. "In order to have international clients, I need to have the English language".

"At Bell, you are in a small class you can ask whatever you want and you have more opportunities to talk to the tutor. The atmosphere of the school is great and the facilities, such as the library, is available until 6pm!"

Nada was offered an unconditional offer to UCL (University College London) to study public law.

## Sandro, Italy

**Sandro joined the IELTS preparation course at Bell before progressing onto our University Foundation programme. "I loved the school, the atmosphere, how professional it is, so I decided to stay here to study my Foundation."**

Looking back, he says "I consider it as the key step that facilitated my transition from Italy to the UK."

Sandro progressed from the Foundation programme to his dream university, "it prepared me to study and work in a very international and diverse environment".

He is currently finishing an MSC in Corporate Finance at Cass Business School, London, and will then work in tech consulting in London. "I would recommend Bell to anyone!"

## Jieyin, China

**Jieyin studied on our Effective English course for two weeks, which meant Jieyin could experience Bell before her Foundation course. "It helped me as I found out more about life in Cambridge and what life at Bell will be".**

"I don't think my English was good enough to keep pace with university studies in the UK."

Keen to study TV production at the University of Westminster, Jieyin was helped through the process by our dedicated University Counselling Manager. "Bell helped me connect with the university and learn what they expect from their students."

"You also get to live with your classmates and meet new people, learn how to live by yourself, cook for yourself and organise yourself. It really promoted independence and friendship". Jieyin now studies at University of Westminster.

## Yaltah, Germany

**"I love this school, my friends and everything! I won't forget my time here."**

Her family friend came to Bell over 30 years ago, so Yaltah had the opportunity to visit the school two years before she came to study. "I fell in love with everything and decided to go. Best decision I've ever made!"

It's not just the school that Yaltah has affection for, but also the city itself. "I love Cambridge. It's not a big city and there's a lot of international people".

"Just be open minded, and don't worry about making friends, because they will just come."

# The Bell story

## One man's vision

Bell was founded by Frank Bell, a University of Cambridge graduate, with a love of languages and a vision to promote intercultural understanding through language education.

Frank's inspiration came from his time as a prisoner of war during the Second World War. In the harsh conditions of the camp, he taught his fellow prisoners Spanish and French, a simple act of defiance that quickly led to the creation of a secret university, which taught a broad range of subjects.

After the war, Frank Bell returned to England. Reflecting on his experiences, he realised that the route to international co-operation and understanding lay in learning. This led him, in 1955, to open his first language school in Cambridge, which still operates today.

Since then, Bell has grown from one prestigious English language school in Cambridge to an internationally recognised, high-quality education business, which unlocks the world for its students through learning English and learning in English.

## The Bell Foundation

In 1972, Frank Bell established The Bell Educational Trust, with the mission to promote intercultural understanding through language education. Frank was convinced that international understanding and harmony could exist if people throughout the world understood each other through language.

Established in 2012, The Bell Foundation - part of The Bell Educational Trust - now continues Frank Bell's legacy through its charitable work and programmes. Through innovation, research, training and practical intervention, the Foundation particularly focuses on supporting children with English as an additional language and those in the criminal justice system, including victims, for whom English is a second or additional language.

All profits from Bell fund the charitable work of the Foundation.

[www.bell-foundation.org.uk](http://www.bell-foundation.org.uk)

**1938**

Frank was awarded a first-class degree in French and Spanish from the University of Cambridge

**1955**

Frank established the first Bell school at 9 Cranmer Road in Cambridge

**1916**

Founder, Frank Bell, was born in Calcutta, India

**1939-1945**

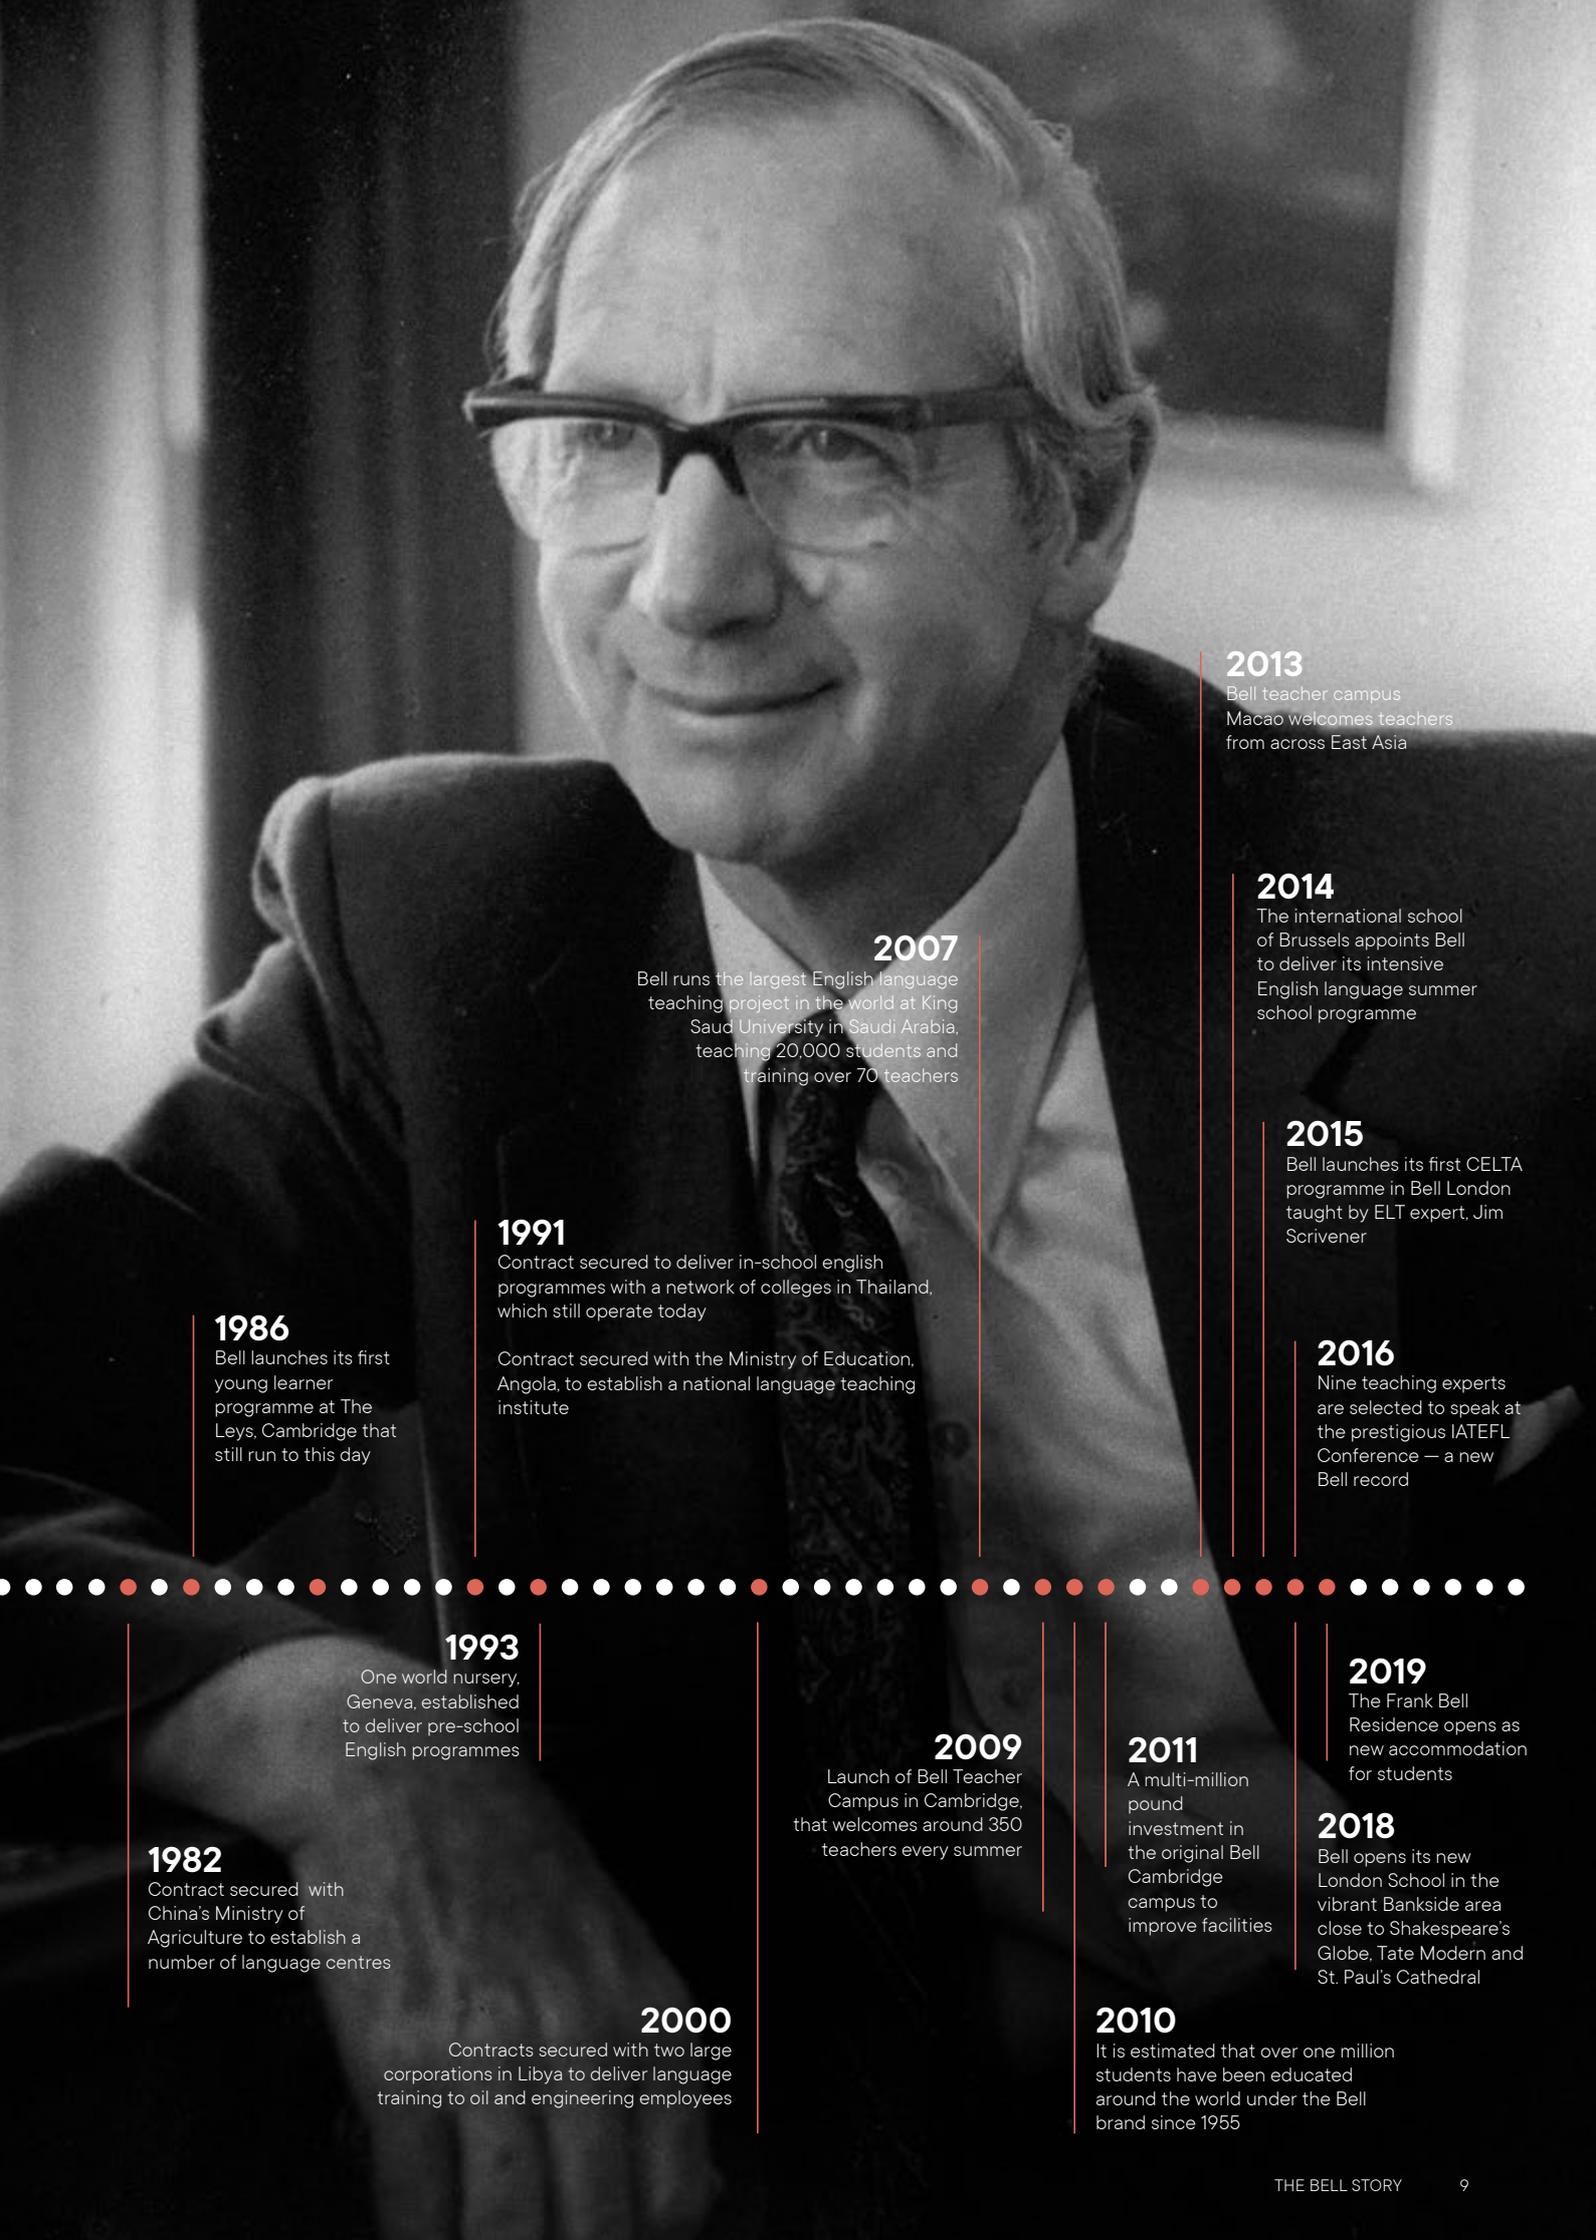

As a prisoner of war during Second World War, Frank taught his fellow prisoners Spanish and French, which led to the creation of a secret university. During this time he became convinced that the route to international cooperation and understanding lay in learning

**1958**

The Bell school moved to its new location on Red Cross Lane in Cambridge, where it remains today

**1972**

Frank set up The Bell Educational Trust. All profits from Bell course were reinvested to improve student services and facilities

### 1986

Bell launches its first young learner programme at The Leys, Cambridge that still run to this day

### 1991

Contract secured to deliver in-school english programmes with a network of colleges in Thailand, which still operate today

Contract secured with the Ministry of Education, Angola, to establish a national language teaching institute

### 1993

One world nursery, Geneva, established to deliver pre-school English programmes

The international school of Brussels appoints Bell to deliver its intensive English language summer school programme

### 2015

Bell launches its first CELTA programme in Bell London taught by ELT expert, Jim Scrivener

### 2016

Nine teaching experts are selected to speak at the prestigious IATEFL Conference — a new Bell record

### 2019

The Frank Bell Residence opens as new accommodation for students

### 2018

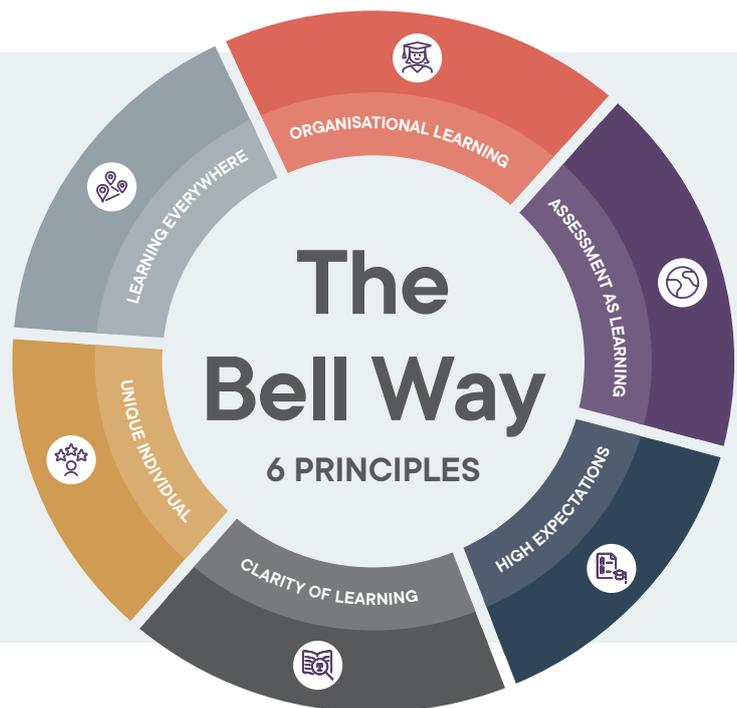

Bell opens its new London School in the vibrant Bankside area close to Shakespeare's Globe, Tate Modern and St. Paul's Cathedral

# Our approach to learning

Our six principles of The Bell Way ensure that you are both challenged and supported.

**We encourage students to aim high, exceed their goals and achieve success at university.**

The Bell Way is core to everything we do at Bell. It has been developed by our academic team and an Emeritus Professor from the University of Cambridge.

## ASSESSMENT AS LEARNING

**We give you regular feedback**

You will have regular 1-to-1 tutorials and written reports every 6 weeks, where your teachers will highlight your successes and identify areas for further development. You will also develop to become an independent learner, self-evaluating your work, ready for life at a UK university.

## HIGH EXPECTATIONS

**We want you to be the best you can be**

To be really effective, lessons at Bell are challenging, interactive and enjoyable! We will challenge you to exceed your goals, not just achieve them. That is why over 85% of our students progressed to a top 30 university in the UK.

## CLARITY OF LEARNING

**We show you a clear path to your goals**

In every lesson and activity, you will know exactly what your aims are, how to achieve them and what to do next. We will work with you to provide expert guidance for a successful university application, so you can get offers from universities that aligns with your personal goals and ambitions.

## LEARNING EVERYWHERE

**We help you to learn everywhere**

We will show you how to achieve your goals faster by including learning in every part of your day. We have a programme of lectures from experienced academic and industry professionals and we organise visits to top university cities to help you make your university choice.

## ORGANISATIONAL LEARNING

**We never stop learning**

We have a culture of continuous improvement through learning and education. We never stop learning or striving to be the best we can be – setting ourselves high expectations and challenging goals, just like the goals we set you.

## UNIQUE INDIVIDUAL

**We adapt your learning to suit you**

The way you learn is unique to you. We will work with you to create a personal study plan, designed around your learning needs and goals. You will also have regular meetings with our Higher Education Advisory Service to help you with your choice of university and application.

# Strong academic skills for university

Get ahead at university by developing a strong foundation of transferrable academic skills before you start your degree.

This will give you the best chance for success by removing potential barriers that international students often experience when going to an English-medium university.

**Understanding how you learn**

**Analysing quantitative data**

**Communication & teamwork**

**Essay preparation, writing & structure**

**Effective reading and interpretation**

**Organising yourself**

**Presentation skills**

**Research & smart search skills**

**Notetaking, paraphrasing & active listening**

**Developing an argument and expressing opinions**

**Critical thinking**

**Referencing your research**

## Higher Education Advisory Service

All our students will receive advice and individual support from our impartial Higher Education Advisory Service. You will meet regularly with our University Counselling Manager to discuss your options and university application.

We will advise you on the application process, helping you to write a personal statement and prepare for university interviews.

**We will support you with:**

1. **Choosing the right university for you** based on your subject interests, strengths and career ambitions
2. **Your application form**, including the UCAS application process tariff points, and understanding how it will be reviewed
3. **Your personal statement** so you can effectively describe your ambitions, skills and experience and set yourself apart from other applicants
4. **Finding the right references** to talk about your academic and work ethic, involvement in school, and your suitability to your chosen future career
5. **Preparing for interviews** with university tutors or admissions team

# Our partner universities

We guarantee progression for all successful Bell students to universities across the UK\*

\* Successful completion of the Foundation involves a minimum pass grade of 40%, a score of 5.5 or above in each component of the IELTS test and an attendance record of at least 90%.

A HIGHER EDUCATION FAIR FOR OVERSEAS STUDENTS

# UNIVERSITY +YOU

## Connecting with university life

Students will have the opportunity to connect with our partner universities through various events, activities and university trips.

Bell exclusively hosts University+You, an on-campus university fair where students meet a selection of universities from across the UK.

We also offer a regular programme of talks from visiting university speakers, to give students an insight into university life in areas.

For more personalised support, students have access to our Higher Education counselling service for 1-to-1 guidance.

## Visiting speaker programme

You will have regular talks led by visiting university lecturers and speakers and the opportunity to meet representatives from top UK universities.

Visiting speakers are experts in their field and give lectures and workshops on a range of topics related to the subjects offered on the course.

These can range from 'How to Achieve Success' to 'The Political Role of the Monarchy in the UK' or even 'Reading Egyptian Hieroglyphics'.

Recent talks were led by:

- ▶ Dr Mona Mortazian, Lecturer in Accounting and Finance  
University of Bedfordshire
- ▶ Magnus George, Teaching Fellow in Entrepreneurship and Strategy  
Lancaster University
- ▶ Dr Noah Kofi Karley, Lecturer in Economics  
Anglia Ruskin University

100% of students  
rated  
University + You  
Fair 'excellent' or  
'very good'

# Your pathway to success

We have an excellent track record with our students progressing to top universities for their subject area - in the UK or to an English-medium university in another country.

## Progress to leading universities

Each university has strengths in specific subject areas, from classic subjects such as biomedical science, mechanical engineering, or business management to more specialist degrees like law, criminology or journalism.

Our dedicated Higher Education Advisory Service will offer you personal and impartial support to find the right destination and course for your career ambitions.

All our 2018/19 students passed their Foundation programme and received offers from UK universities.

86% received offers from top 30 universities in the UK, including University of Warwick, University of Lancaster and University of Leeds (ranked within 10 of the best universities in the UK\*)

## Map key

Russell Group University

Top 30 UK University\*

Russell Group & Top 30 UK University

\* Based on the Guardian University Guide 2019

+ Minimum pass grade of 40%, a score of 5.5 or above in each component of the IELTS test and an attendance record of at least 90%.

## Students receive offers from top universities in the UK

6 of the top 10 universities for **business**

8 of the top 10 universities for **criminology**

12 of the top 20 universities for **engineering**

15 of the top 30 universities for **biosciences**

8 of the top 30 universities for **law**

10 of the top 20 universities for **journalism**

# Student destinations

In the last 5 years, students have received offers from a range of universities in the UK and abroad

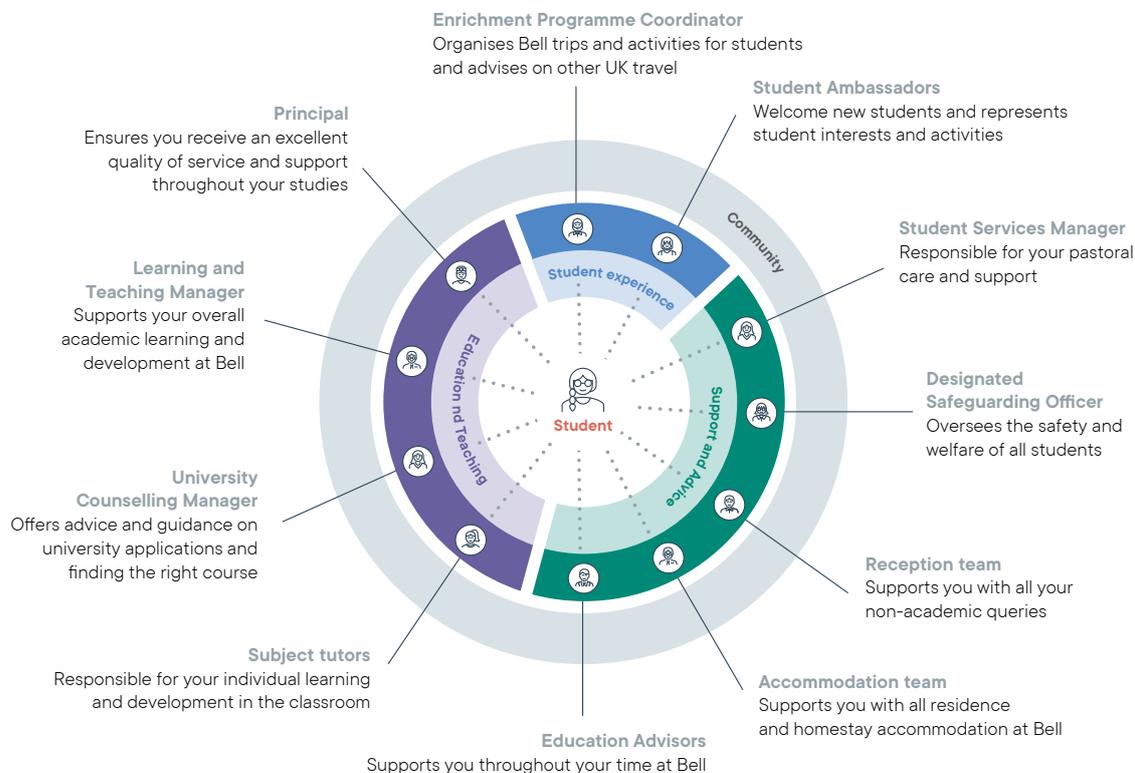

## Bell students went on to study at other non-UK universities, including

- St. Louis Brussels
- IHECS, Brussels
- Universita di Roma
- University in São Paulo, Brazil
- Université Catholique de Louvain (UCL), Belgium
- European School of Economics, Milan, Italy
- University College Maastricht (UCM), The Netherlands
- European University Rotterdam (EUR), The Netherlands
- IE Business School, IE University Madrid, Spain

# Student support

Your wellbeing is our top priority. Our community of support can help to ensure you study in a supportive and friendly environment.

## Meet some of our tutors

Our tutors will support you at every step of your learning and development. Find out more at [bellenglish.com/university-pathways](https://bellenglish.com/university-pathways)

**Ian Chitty**

UNIVERSITY FOUNDATION  
PROGRAMME MANAGER

With over 40 years of teaching experience, Ian ensures the academic excellence and rigour of our Foundation programmes.

**Jane Sealy-Thompson**

ACADEMIC SKILLS TUTOR

With over 25 years of experience teaching English and Business English, Jane was also a Cambridge Exam examiner for 17 years.

**Robert Mathews**

LAW TUTOR

Robert is a University of Oxford alumnus. He began teaching at Bell in 1979 and worked at Bell with our founder, Frank Bell.

**Ken Bateup**

MASTER'S PREPARATION  
TUTOR

Ken has over 12 years of experience as an IELTS examiner and Centre Manager at the University of Bath.

**David Csernicz**

BUSINESS TUTOR

David has extensive senior-level experience in the business world and brings useful insights from commercial sector to benefit his students.

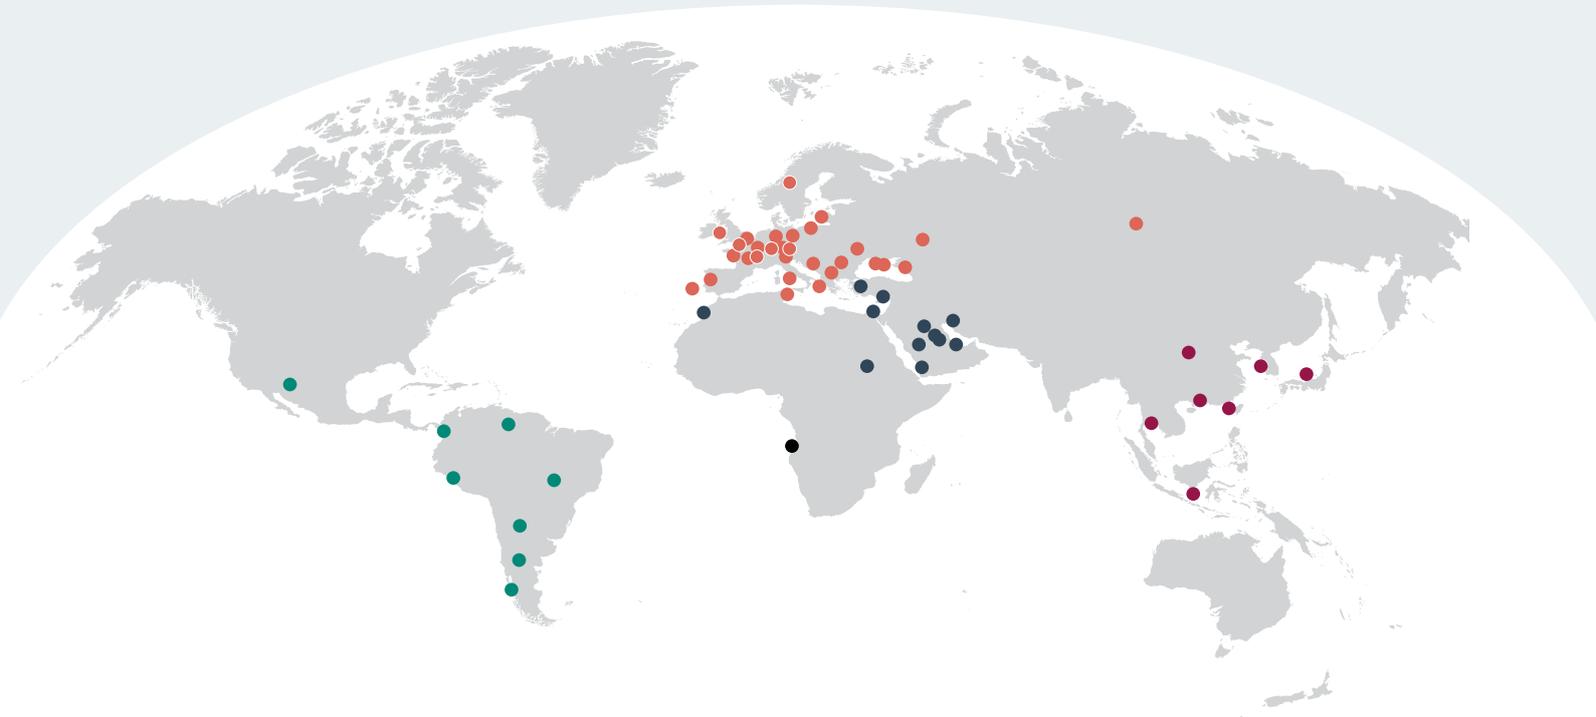

**Peter Holmes**

POLITICS TUTOR

Peter is a University of Oxford alumnus and has taught at Bell for over 13 years. He authored the book - *An Introduction to British Politics*.

# Bell Cambridge welcomed students from 59 countries or territories in 2019

## Student nationality mix by region

- Europe 36%
- Middle East & North Africa 20%
- Latin America 11%
- Asia 32%

## Join a global student community

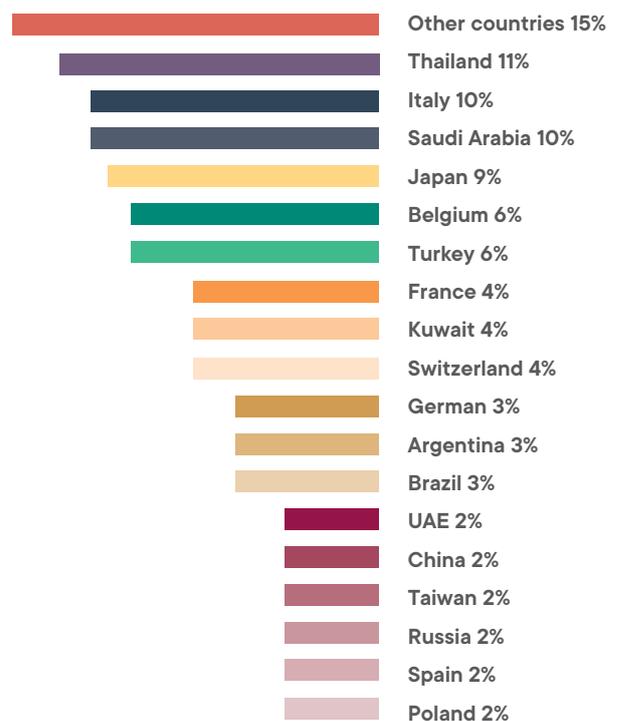

Our University Pathways students study among a global community at Bell Cambridge.

We believe diversity among our student community directly impacts their performance. Studies show that students work better in a diverse environment, enabling them to concentrate and push themselves further when there are people of other backgrounds working alongside them.

Our students benefit from bringing together people of different cultures from around the world, allowing them to develop greater intercultural awareness and collaboration.

Data based on student weeks from 1 September 2018 - 31 August 2019

## Student nationality mix by country

# Language in Action

## A social programme of trips and excursions

Languages develop faster with practise. At no extra cost, our University Pathway students can sign up to a full calendar of social activities, half-day excursions and day trips throughout the year, to help improve their English in real-life situations.

It is an ideal way to practise your English, meet students from other courses at Bell and get involved in British life and culture. We also curate additional activities and trips that would suit your interests during your studies - led by a trusted tour provider.

INCLUDED

A weekly half-day excursion and a full-day trip every 2 weeks!

### Available activities include:

 **Lectures**  
Develop your knowledge and awareness of a range of useful educational topics

 **Day trips**  
Travel to beautiful destinations in the UK and explore British culture and life

 **Handpicked cultural events**  
A local trip provided by a trusted operator - additional cost payable when booking at Bell

 **Workshops**  
Develop your practical skills and techniques to enhance your capabilities for learning, life and work

 **Local excursions**  
Experience life in Cambridgeshire and visit the local attractions and sights

 **Social evenings**  
Make friends, relax and enjoy the city at night!

## Excursions and trips

All University Foundation and Master's preparation students have excursions and day trips included within the course, so you will have plenty of opportunity to explore the UK and experience British culture.

It is a fantastic opportunity to meet other international students at the school and learn about British life and history through exploring places of interest, such as Oxford, London and Cambridge.

### Recent free trips have included:

- ▶ **Oxford** to explore the historic university city
- ▶ **Cambridge** to explore the city's museums, galleries and historic buildings
- ▶ **Canterbury** to explore a location that perfectly blends city, coast and countryside
- ▶ **London** to see the sights and lights of the UK's capital city
- ▶ **Windsor** to explore the city featuring the royal residence of the Queen

# Choose your ideal pathway

You have the flexibility to start your university pathway at various stages during the academic year. Find the right fit for you.

## University Foundation Extended

 4 terms

|                                  | Economics        |    |

### Academic study skills

Enhance your language and study skills needed to function successfully on your undergraduate degree.

### Exam preparation

You will receive intensive preparation for the IELTS examination that you will take at the end of your course.

### Learning support programme

A programme of supported timetabled self-study sessions, visiting speakers and guidance in choosing and applying for university courses.

## Overview

This programme prepares international students for undergraduate study at an English-medium university.

We will support you to develop essential language and study skills and subject knowledge as part of an integrated programme of study.

## Who is this for?

This programme is ideal for students who want to progress to a UK university or English-medium university in their own country.

Students will have finished high school or have the equivalent 12 years of education in their own country.

## Our approach

We will encourage you to aim high and exceed your expectations through a personal and supportive learning environment.

On this course, you will:

- ▶ Improve your knowledge and understanding in your chosen subject to NQF Level 3 (UK National Qualifications Framework)
- ▶ Become an independent learner with experience of various assessment methods
- ▶ Use a range of study skills and learning technologies
- ▶ Improve your confidence as an English language user (at least B2 or IELTS 5.5)

Assessments will be made up of coursework and 2-hour examinations moderated by academic staff at the University of Essex.

## Course summary

|                 |  |
|-----------------|--|
| Min. age        | <b>17</b>  |
| Max. class size | <b>12</b>  |
| Weekly hours    | Extended <b>21 hrs</b><br>Academic <b>21 hrs</b><br>Fast-track <b>25.5 hrs</b>                             |
| Start dates     | Extended <b>29 June 2020</b><br>Academic Year <b>21 September 2020</b><br>Fast-track <b>4 January 2021</b> |

On successful completion of the programme, you will gain an IELTS grade to demonstrate your language level to university and get a guaranteed place at a UK university. You will also be awarded a Bell Foundation certificate in recognition of your success.

## Business studies

Develop a comprehensive overview of the main business functions and decision making in realistic business contexts. You will study how businesses are organised, how they set and meet objectives and how change, growth and personnel can be managed.

Business

Law

### Topics include

- |  |  |   |
|--|--|---|
| <input checked="" type="checkbox"/> Business structures and cultures | <input checked="" type="checkbox"/> Financial statements and cost-volume-profit analysis | <input checked="" type="checkbox"/> Competitive influences            |
| <input checked="" type="checkbox"/> Business objectives and strategy | <input checked="" type="checkbox"/> Cash forecast, cash flow and cash control            | <input checked="" type="checkbox"/> Marketing communications          |
| <input checked="" type="checkbox"/> External influences on business  | <input checked="" type="checkbox"/> People management                                    | <input checked="" type="checkbox"/> Business operations and processes |
| <input checked="" type="checkbox"/> Stakeholders                     | <input checked="" type="checkbox"/> Marketing: objectives, strategies and techniques     | <input checked="" type="checkbox"/> Quality management                |
| <input checked="" type="checkbox"/> Business planning                |  | <input checked="" type="checkbox"/> Operational logistics             |

**Gain an awareness and understanding** of the factors that influence business organisations.

**Develop a broad understanding** of business practices and the role played by particular people in the success of a business.

**Evaluate the effectiveness** of various approaches and marketing techniques.

**Strengthen your knowledge** of key terms in business finance and develop your abilities to calculate and manipulate data to provide quantitative analysis.

## Law

Understand the English legal system and develop a well-rounded view of the legal world. Examine key areas of criminal and civil law and the importance of English and American law in global commerce. You will take a problem-solving approach to law through case studies and evaluating current legal issues.

Humanities

Law

### Topics include

- |  |  |  |
|--|--|--|
| <input checked="" type="checkbox"/> Law making                     | <input checked="" type="checkbox"/> Criminal law offences        | <input checked="" type="checkbox"/> Defences and appeals                       |
| <input checked="" type="checkbox"/> The legal system and courts    | <input checked="" type="checkbox"/> Pre-trial procedure          | <input checked="" type="checkbox"/> Punishment, reformation and rehabilitation |
| <input checked="" type="checkbox"/> Legal profession and judiciary | <input checked="" type="checkbox"/> Sources of law               | <input checked="" type="checkbox"/> Tort including negligence and defamation   |
| <input checked="" type="checkbox"/> Contract law                   | <input checked="" type="checkbox"/> Evidence and burden of proof |  |

**Recognise specialist language and concepts** used in the English legal system.

**Learn and understand essential legal terminology** used when practising law.

**Develop analytical skills** to analyse and evaluate legal problems.

**Use arguments to criticise and defend viewpoints** and make balanced and informed judgements.

## Mathematics

**Build a strong foundation of mathematical knowledge. You will cover key areas of pure mathematics and statistics to develop a problem-solving approach. This module will prepare you for more advanced study at university.**

 Business

 Science & engineering

### Topics include

- Algebra and functions
- Quadratic and sketching functions
- Arithmetic and geometric series
- Trigonometric functions, equations and identities
- Exponentials and logarithms
- Differentiation, integration and radian measure
- Coordinate geometry
- Statistical problem-solving cycle
- Types of data and its interpretation
- Correlation and regression
- Probability and probability distribution
- Discrete random variables
- Binomial and normal distribution

**Develop specialist knowledge** and understanding of the language and concepts used in mathematics.

**Gain practical mathematical skills** across a range of core techniques and practices.

**Analyse and interpret data** to tackle complex mathematical problems.

**Learn to gather information** from a variety of sources including statistical data.

## Politics

**Prepare for a politics or international relations degree and gain a good understanding of the system of politics and government in the UK, as well as the wider links to Europe and the wider world.**

 Humanities

 Law

### Topics include

- The UK political system, democracy and elections
- The British Constitution and constitutional principles
- The House of Lords, House of Commons and Parliament
- Political parties and their ideologies
- Devolution: Scotland, Wales and Northern Ireland
- Human rights and civil liberties
- The European Union and Brexit
- The relationship of power and authority, state and government & democracy and representation

**Build on your knowledge** and understanding of key political concepts and gain further specialist vocabulary.

**Gain an understanding** of the UK political system and how it operates in theory and practice.

**Learn to communicate ideas** about the UK political system effectively.

**Learn about the evolution of political power** in the UK over time.

**Develop your analytical skills** to form balanced discussions on political concepts in an informed and formal manner.

# Economics

Build a strong foundation of skills and knowledge for the study of economics at a higher level. You will learn about the core elements of micro and macro economics and learn concepts and terminology that are central to the study of this subject.

 Business  Law  Humanities

## Topics include

- Free market economies
- Demand, supply and elasticity
- Costs and revenues
- Market structures and failures
- Government intervention
- National economic policy
- Globalisation and trade
- International competitiveness
- Trade blocs and single currencies

**Understand the fundamentals** of and the relationship between micro and macro-economics.

**Apply economics concepts** to describe, analyse and propose solutions to problems faced by economies.

**Understand the role of the government** in managing economic changes.

**Develop your understanding** of the value and limitations of economic models in analysing the economy.

# Media studies

Gain the knowledge and skills to investigate and discuss the role of media, communication and culture in the world. You will understand the theoretical underpinning of key concepts and analyse these using practical examples and case studies.

 Humanities

## Topics include

- Genre theory
- Narrative structure in film and news media
- Theories of audience
- Branding: cultural values in a commercial context
- Semiotics
- Marxism and post-Marxism
- Identity politics and critical pluralism
- How audiences and media are influenced by institutions
- Representation and stereotyping
- Future of television
- Globalisation and cultural imperialism

**Discover global media of our times** and how they reflect and shape our society.

**Compare and contrast** media theories to explain key concepts.

**Develop an awareness of cultural factors** influencing the creation and process of communication.

**Develop analytical skills** to review and demonstrate an understanding of factors that influence the production and consumption of media products.

# Sociology

Gain a fundamental understanding of key concepts and theories involved in the sociology discipline. You will explore a range of societies in the world and strengthen your understanding of sociological and cultural issues.

 Law  Humanities

## Topics include

- Elements of contemporary sociological thought
- Quantitative and qualitative research methods
- Sociology of identity
- Sociological theories
- Class and power
- Ethnicity and gender
- Sociology of consumption, work and education and family

**Develop a critical understanding** of our society and the world we live in.

**Learn how lives intersect** with wider social processes and structures.

**Focus on key concepts** like multiculturalism, crime and deviance, inequality or families.

**Improve your abilities** to research, analyse and communicate complex data and ideas.

**Gain useful insights into social theories** and evaluate complex arguments related to these concepts.

# Physics

Gain a comprehensive overview of fundamental and applied physics through classroom-based teaching of theory, problem-solving seminars and laboratory-based practicals. You will have numerous opportunities to link theory to reality and prepare for higher level study at university.

 Science & engineering

## Topics include

- Measurements and their errors
- Mechanics and materials
- Electro-magnetic and quantum phenomena
- Particles and radiation
- Electricity
- Investigative and practical skills
- Waves
- Fields and their consequences

**Gain awareness and understanding** of specialist terminology and classic concepts relating to physics, including quantum mechanics, electricity or nuclear physics.

**Develop practical experience** required to do simple laboratory physics experiments.

**Improve your abilities** in interpreting the data from practical experiments in the context of the relevant theories, and derive informed conclusions.

# Chemistry

Learn the fundamentals of organic, physical and inorganic chemistry. You will have the opportunity to develop your skills through classroom-based teaching, problem-solving seminars and laboratory-based practicals.

 Science & engineering

## Topics include

- Physical chemistry
- Organic chemistry
- Inorganic chemistry
- Investigative and practical skills

**Study the fundamentals** of organic, inorganic and physical chemistry.

**Develop your awareness** of specific chemical facts, terminology and principles.

**Build on your analytical skills** to assess the validity, reliability and credibility of scientific information.

**Gain useful laboratory experience** and learn to analyse, interpret, explain and evaluate experiments.

# Biology

Understand life processes and how organisms interact in our surrounding environment. Explore themes like molecular biology, environmental organisms or genetics and biodiversity to prepare you for advanced study at university.

 Science & engineering

## Topics include

- Biological molecules
- Genetics and biodiversity
- Investigative and practical skills
- Cells
- Organisms and their environment

**Understand the fundamentals of biology** including biological facts, specialist terminology and principles.

**Develop your critical thinking** by assessing the validity, reliability and credibility of scientific information.

**Learn to record and communicate valid observations** and measurements with appropriate precision and accuracy.

**Gain useful laboratory experience** and learn to analyse, interpret, explain and evaluate your methodology and results.

# Master's preparation programme

## 1. Develop your academic language

Develop essential skills for success when studying at postgraduate level.

### Academic writing

You will learn key writing techniques to effectively tackle exam questions or coursework essays – as well as develop proper referencing skills.

### Academic reading

Develop your abilities to skim or scan academic texts while understanding key points made and evaluating how this influences your argument.

### Academic listening

Understand effective use of emphasis, pause and intonation from a speaker. Summarise meaning and evaluate opinions based on your listening.

## 2. Enhance your learning skills

Engage in different ways of studying that may differ from your previous experience.

### Research skills

Learn how to plan, implement and report on your own research.

### Notetaking

Be confident in your ability to effectively take notes to recall ideas and arguments.

### Seminars

Gain skills to effectively prepare and deliver presentations and participate in discussions.

### Critical thinking

Learn to evaluate arguments and develop essential strategies for an academic career.

## 3. Maximise your potential for success

Practise your skills and gain useful guidance and support.

### Exam preparation

You will receive intensive preparation for the IELTS examination that you will take at the end of your course.

### Learning Support

A programme of lectures, tutorials, supported self-study, university advice and application support.

## Overview

Postgraduate study at an English-medium university requires a good command of academic English and specialist study skills and techniques. This can be challenging for international students with limited experience studying at university in English.

This course will help you gain the essential skills that you need to succeed in your Master's degree.

## Who is this for?

Students with an undergraduate degree who want to improve their academic English, study skills and IELTS or GMAT score so they can study at postgraduate level.

## Our approach

Our staff to student ratio ensures you receive personalised and responsive teaching so that you can exceed your goals, not just achieve them.

Your tutors will regularly review your progress on a 1-to-1 basis, so you always have a clear path to your goals.

Assessments will be marked and detailed feedback will be given to you at the end of each term. You will also take practice exams and an IELTS or GMAT exam.

On successful completion of the programme, you will get an IELTS or GMAT score and be supported to progress to an established university in the UK or beyond.

## Course summary

|                     |  |
|---------------------|--|
| Location            | <b>Cambridge</b>                       |
| Min. age            | <b>21</b>                              |

# Study at Bell Cambridge

Bell Cambridge is located in a historic university city with a global reputation for academic excellence. Over a fifth of its residents are students, giving the city a modern, cosmopolitan feel, and the streets are full of fascinating museums, diverse restaurants and quirky shops.

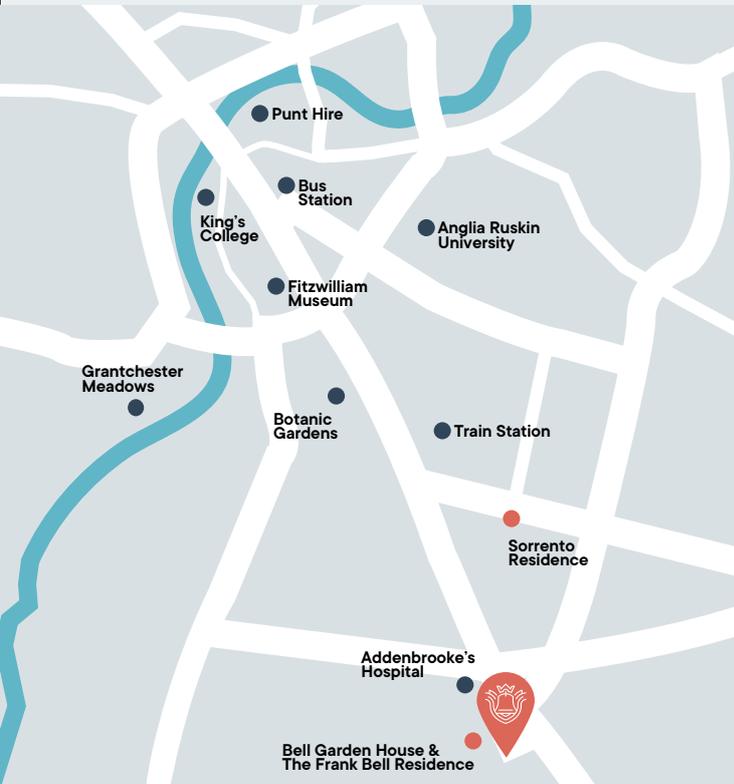

1 RED CROSS LANE, CAMBRIDGE, CB2 0QU

# Bell Cambridge

Our Cambridge school offers a picturesque study environment and a supportive student community.

Located within easy reach of the historic city centre, the school is surrounded by beautiful grounds. It features impressive study, social and leisure facilities including a large Learning Resource Centre, and indoor and outdoor dining areas.

It offers a full on-campus experience with two on-site residence accommodation for students.

## Facilities

-  Free wireless internet
-  Large Learning Resource Centre
-  Two computer rooms
-  On-site sports facilities
-  Disabled access/facilities
-  Prayer room
-  Dining room and outside eating area, serving hot & cold food
-  30 contemporary, air-conditioned classrooms with interactive whiteboards

# Feel at home in the UK

We offer a range of regularly-inspected accommodation options so you can feel relaxed and comfortable while you study at Bell.

## Find the right fit for you.

### Homestay homes

Staying with a trusted homestay host is a great way to experience British life and practise your English outside the classroom. They will provide you with a warm welcome and everything you need to feel at home.

### Bell residences

Join a vibrant student community and enjoy an independent and sociable lifestyle. We have two on-site residences in Cambridge and all other residences are within close walking distance.

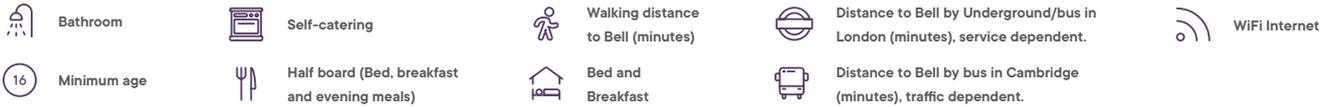

## Why choose a homestay?

- ✓ Friendly environment with all the comforts of home
- ✓ Practise your English language skills
- ✓ Learn about British life and culture
- ✓ Meals provided – choose half-board or bed and breakfast options
- ✓ Free WiFi internet
- ✓ Free laundry
- ✓ Safe and secure homes, suitable for under-18s (hosts are fully checked and regularly inspected)

## Why choose a residence?

- ✓ Independent living in the heart of the city
- ✓ Contemporary accommodation designed especially for students
- ✓ Make friends with international mix of students
- ✓ Self-catering
- ✓ Free Wifi internet
- ✓ Most residences are close to gyms, bars, shops and restaurants
- ✓ Ensuite facilities†
- ✓ Communal areas for study and socialising

## KEY TO SYMBOLS

### The Frank Bell Residence

Our newly refurbished, on-campus residence is the former family home of Frank Bell, the Founder of Bell. This residence has premium or standard bedrooms, a large communal kitchen and living area opening up into the garden.

### Bell Garden House Residence

Bell Garden House is another on-campus residence at Bell Cambridge. This location is ideal for students looking for a peaceful home where they can relax and study alongside a small group of other Bell students.

### Sorrento Residence

Sorrento Residence is part of a friendly, family-run hotel complex conveniently located between Bell and the city centre. Access the hotel facilities next door including a 24-hour reception and free daily English breakfast buffet.

### Homestay Home

We offer a range of homestay homes in Cambridge, within easy travelling distance from Bell Cambridge. Many of our homestay hosts have worked with us for many years and often form long-lasting friendships with their guests.
